

E-statements and Online Patient Payments

United Medical is proud to announce the implementation of Gateway EDI's newest service: E-Statements and Online Patient Payments.

Your patients will have the option of viewing their statements and scheduling payments online at Gateway EDI's secure website. All payments will be processed through Trans First Merchant Services and directly deposited into your bank account.

With this secure web based system, expect fewer statement errors, improved efficiency, better cash flow and less paperwork.

United Medical will keep following and implementing industry innovations to increase efficiency, reduce costs and improve patient experience for our clients.

Please contact Gokhan Erbaz at gerbaz@umusa.net for details and receive the complete package of information to take full advantage of this service.

Thanks for your ongoing support.
